TRANSAX Merchant Services

Accept more! Better service, lower rates.

PAY LESS FOR YOUR CARD MACHINE. GET A GREAT DEAL MORE.

Accepting card payments is a quick, efficient and secure way of processing customer payments, to grow your sales and improve the cash flow for your business.

At TRANSAX we can supply you with the latest card machines and much more. It pays to take a closer look. When you're looking for someone to supply your payment services, you need the reassurance that:

- ✓ You'll be getting the best card machine for the way you do business.
- ✓ You can rely on all the support and back-up service you need.
- ✓ The price you pay is the most competitive you can find.

At TRANSAX, we offer you some of the most capable machines in the market, with Countertop, Portable and Mobile models available. We have been providing reliable payment acceptance services to businesses for nearly 30 years, so we really understand your needs.

It's a winning combination that has helped make us one of the UK's leading independent payment specialists.

What gives TRANSAX the edge?

Whether you're new to card payments or looking to switch, we promise you can't do better than TRANSAX.

- ✓ Save up to 40% for card payment acceptance
- ✓ One monthly statement, posted to you at no extra charge
- ✓ No hidden 'miscellaneous' or 'processing' fees.
- ✓ Choose from the latest, user-friendly card machines with a low monthly rental
- ✓ Countertop, portable and mobile models available
- ✓ Opt for new technologies such as Contactless payments
- ✓ Talk to fully-trained, directly-employed staff
- ✓ Enjoy customer service phone and email support from the UK & Ireland
- ✓ Get expert help and set-up assistance
- ✓ Save money month after month - every £ you save is extra profit

Last but not least, you have the ultimate reassurance that we are part of FIS - one of the world's largest global providers dedicated to banking and payments technologies - a company that currently processes 2 million payment transactions every day to the highest security standards. In short, you simply can't do better than switching or starting card payments with TRANSAX.

American Express may also be accepted through TRANSAX Merchant Services by Amex registered merchants

New to card payments?

Whether you are starting a new business or looking to accept card payments for the first time, TRANSAX make the whole process very easy.

Give your customers an instant payment option by accepting all major credit and debit cards. With Chip & PIN for low-risk transactions or Contactless. TRANSAX Merchant Services deliver secure and prompt card authorisation services for Visa, MasterCard, JCB and American Express*.

Your average transaction value and total turnover can increase as customers are not limited to spending only the amount of cash in their pockets. You can even accept payments over the phone!

*Acceptance of American Express requires a separate merchant agreement.

Thinking about switching?

Is your current card machine out of date, or costing you too much? Switch to TRANSAX to benefit from lower charges and a level of service that's second to none. It's easy to switch - we'll help with the application leaving you free to get on with running your business!

Switching your payment provider is as easy as 1,2,3!

1. Firstly, we review your existing rates and tailor a package based on your current card acceptance.
2. Secondly, we complete the paperwork with you and ensure that everything is in order before we submit your application. We will keep you informed every step of the way.
3. Lastly, when your terminal arrives, simply install immediately & start saving money - it's ready to go!

Our Additional Services

Cashback

At no extra charge, you can offer debit card customers a 'cashback' service. This service also helps to reduce the amount of cash held on your premises.

Mobile phone top-up

Give your customers the benefit of topping-up their mobile phone and earn a commission every time.

Dynamic Currency Conversion (DCC)

Offer foreign tourists and visitors the option to pay in their own familiar currency with their MasterCard and Visa branded credit cards - while you receive a share of the currency commission.

TRANSAX Cheque Warranty

If a dishonoured cheque gets returned to you, we pay you the full amount. You take the cheques, we take the risks!

Merchant Cash Advance

The ideal alternative to a small business loan - use your debit and credit card payments to release funds that you can invest in your business.

Next day settlement with Santander

For businesses that bank with Santander, a faster transfer of funds for card payments can be made - typically only 1 day after completion of 'end of day settlement'.

THE RIGHT MACHINE, RIGHT HERE

We offer a wide range of terminals that are suitable for any type of business at a competitive monthly rental. Countertop, mobile or portable? Find out which is right for you.

Countertop

Ingenico iCT220

Ideal if your customers pay at the till. Fast and reliable performance means you won't have long, impatient queues at the counter.

Built to last, the terminal is designed to be used in the most demanding business environments, delivering high class functionality and security as standard giving both the consumer and merchant peace of mind.

All credit & debit cards are accepted including Contactless transactions. So you can provide an even quicker and more convenient way to pay.

- ✓ Ideal for your countertop, reception desk or till point!
- ✓ Connects to the payments network via a standard phone line (PSTN) or broadband / internet connection (IP)
- ✓ Contactless transactions (Vx520) for faster payment processing
- ✓ Easily handles high-volume transactions and supports the latest security technology
- ✓ Easy setup - plug in and go!

Great features include:

For general retail

- Sale, refund and cashback functionalities

For restaurants

- Gratuity or 'tip' functionality
- Specify table or individual server numbers

For Mail Order/Telephone Order

- Card Not Present transactions can be processed quickly and easily

Portable

With a portable card machine from TRANSAX you can process payments anywhere on your premises thanks to the Bluetooth connection - which means they're ideal when you want to bring the machine to the customer for payment.

Ideal for bars, restaurants, hotels and many other businesses, the machines are designed to make it simple for your customers to use thanks to a clear display, high visibility keys and robust but lightweight construction.

All credit & debit cards are accepted and processed over a standard telephone or broadband line.

Verifone Vx680

- ✓ Ideal for use in bars, restaurants, hotels - or anywhere the terminal is brought to the customer for payment!
- ✓ Communicates using Bluetooth making communications reliable, effective and secure (over a wide, 100m radius)
- ✓ Connects to the payment network via a standard phone line (PSTN) or broadband / internet connection (IP)
- ✓ High resolution, white back lit display and large blue backlit keys make it easy to use in any lighting condition
- ✓ Compact, lightweight and easy to handle. Machines that fit in the hand

Great features include:

For general retail

- Sale, refund and cashback functionalities

For restaurants

- Gratuity or 'tip' functionality
- Specify table or individual server numbers

For Mail Order/Telephone Order

- Card Not Present transactions can be processed quickly and easily

Mobile

If you need to take payment some distance from your business base, then a TRANSAX mobile card machine is the perfect solution. It processes payments through the mobile GPRS network so can be used anywhere in the UK that's got a signal.

Rugged enough to cope with the toughest working environment, the machines have an extensive battery life, so you can handle fast transactions in any location.

Forget carrying sack-loads of cash or change, or having to wait for cheques to clear, our portable machines accept all cards, are small enough to fit in the hand and deliver receipts in seconds.

Ingenico iWL221

- ✓ Ideal for businesses on the go where the terminal is taken to the customer for payment
- ✓ Contains a SIM card and connects to a GPRS network - with 98% UK coverage
- ✓ The ultimate in customer convenience
- ✓ Extensive battery life and high speed printer
- ✓ No need to risk carrying large amounts of cash

Great features include:

For general retail

- Sale, refund and cashback functionalities

For restaurants

- Gratuity or 'tip' functionality
- Specify table or individual server numbers

For Mail Order/Telephone Order

- Card Not Present transactions can be processed quickly and easily

The Herbalist Better than the rest

“I’ve had quite a few card machine suppliers contacting me, but TRANSAX were different. Their approach was totally friendly and helpful. And definitely no pressure selling. All my questions were answered and it was a pleasure to switch.”

Sandra O’Neill, The Herbalist

Sally’s Kitchen on the Green I’ve increased my turnover

“I wasn’t sure exactly what to expect, but the whole process was much simpler than I’d imagined. Extremely happy – perhaps one of the best things I’ve done! Especially as it’s actually increased my turnover.”

Sally-Ann Butterfield, Sally’s Kitchen on the Green

JJC Hire My best business decision

“Couldn’t believe how easy it was to switch. We didn’t have to do anything as the rep took care of the paperwork and installed the machine. Have to say it’s the best business decision I’ve made in years”

J. Armer, JJC Hire

The payments experts

TRANSAX Merchant Services is from FIS. We help businesses to sell more by making it easier for their customers to pay with a wide range of secure payment acceptance services and by reducing their concerns about risk.

We process over 2 million payments every day on behalf of our customers - through the various services we provide - with a combined annual value of over £30 billion.

We specialise in the processing of card payments, consumer finance, Direct Debits, fuel cards, gift cards, trade cards, cheques and debt recovery. In addition, we offer secure acceptance solutions for eCommerce and mail order / telephone order environments.

We have strong relationships with 16,000 merchants in Europe using our services at over 80,000 locations.

Our clients are of all sizes - from Halfords, Total and Whitbread through to independents and sole traders - who all rely on us to accept payments more securely and efficiently.

We are part of FIS (NYSE quoted: FIS). A leading provider of financial technology with sales of more than \$6.4 billion each year, the group employs 40,000 people.
